Notes:

1. Hurricane G-CBOE has been repainted to represent the last Hurricane delivered to Finland. It first flew again on 17 July 2014 and was painted shortly after. Now with a Finnish owner, it is expected to make its debut at an air show in Finland in August and is then likely to be based in Finland.
2. Although not listed in 'MAM 2014', it would be wrong not to mention Harvard G-CGYM, which has been quietly under restoration at Leicester for some time. It was flown in the UK and then dismantled for transportation to India in the hold of C-17A CB-8009 which passed through Brize Norton at the end of July on its delivery flight.
3. Spitfire PT879 arrived at North Weald recently as an unpainted fuselage. It is understood to be being rebuilt here and then painted in Russian markings.
