Notes:

1. This update coincides with the closing date for information for 'Military Aircraft Markings 2015'; anything listed here will be in the book. It is not yet listed on Amazon etc. but as soon as details are forthcoming and I have an ISBN, I will inform people via the usual means.
2. This month sees the first Tornados appearing in 12 Squadron markings, the squadron having reformed at Marham earlier this month.
3. Airseeker ZZ664 is currently based at Mildenhall while work continues on the runway at Waddington.
