Notes:

1. Grasshoppers WZ784, *WZ784* and WZ824 all seem to have originated from three fuselages and several wings! The one at Carlisle has one wing of WZ824, while the one at Felixstowe is claimed to be the original but this appears to be in error. WZ824 is still at Bridge of Weir (presumably with the wing of another machine). Clarification would be nice.
2. VC10 XR808 was delivered to RAF Cosford by road on 21 June 2015.
3. The fuselage of Phantom XT864 arrived in late June. The wings will follow shortly. This was the last Phantom left at Leuchars.
4. 22 Squadron C Flight at RAF Valley disbanded on 1st July 2015 - more details in the next update.
5. TEF at Lossiemouth has become Tornado Aircraft Servicing Flight (North), TASF(N).
6. Voyager ZZ341 was delivered to Brize Norton on 22 June 2015 while the last in the order, ZZ343/MRTT029 was recently noted on delivery to Getafe for conversion to KC2 status.
