#### Notes:

- On 19 December 2018, the last flights took place of military registered aircraft operated by QinetiQ at Boscombe Down. Gazelle AH1 XX453 completed its last sortie in the morning while Hawk T1 XX154 (the first Hawk built) carried out its final flight in the afternoon. On 18 December, Gazelle HT1 XX449 and Gazelle HT3 XZ939 flew their last flights before retirement. It is reported that the seven Alpha Jets currently stored at Boscombe Down will be shipped to Canada during 2019 but it is currently unclear what the fate is of the remaining five which had been used for spares. Tucanos ZF510 (November 2018) and ZF511 (October 2018) have not been seen flying for a while.
- Recent Facebook posts from the Museum of Army Flying have covered its major refurbishment. The Museum is due to open in April 2019. Additionally, Facebook posts have been using the Army Flying Museum title, but it is not 100% clear if this means the Museum will open under a new name.
- Tornado GR4 ZA543 is the last one to go through the RTP process at RAF Leeming. The remainder of the fleet (currently 20 aircraft) for RTP will go through the process at RAF Marham.
- The final Texan for the RAF, ZM332, was delivered to Valley as N2872B on 3 December 2018.
