Additions:

Several American-registered replicas have been flying in the UK in recent months in connection with the filming of the forthcoming film 'Flyboys', along with Nieuport Replica G-BWMJ. Several of these machines have worn different markings during filming, making identification difficult. Since the American machines are expected to return to the US shortly, there are no plans at present to list these in MAM2006. Here is a listing of known serials - additions/alterations welcome.
