Notes:

1. XW216 is the first Puma HC2 to be handed over and has now gone to Boscombe Down for trials before service acceptance.
2. XX311 is the next Hawk for the Red Arrows but it has gone to Valley for repainting and preparation first.
3. The first Hercules C5 for Mid Life Update will shortly be delivered back to the US. The process will take around twelve months to complete.
4. Typhoon ZJ929 should shortly receive a 3 Squadron code.

5. AW101 ZR337 was delivered to Turkmenistan in June but has returned to Yeovil for work to rectify various issues, albeit no longer as ZR337!
6. Those that saw ZK329 at Leuchars when 1 Squadron stood up were very fortunate since it is now clear that it is not for the squadron and has since returned to Coningsby with the markings removed.
7. Thanks to some previously unpublished information on the UK serials web site, the Wildcat situation is becoming a little clearer.
