Notes:

1. Stinson Reliant 42-46703 is a bit of an author's nightmare as it actually wears roundels and Royal Navy titles. However, it carries a US military serial ... so that's why it sits in the US section.
2. The two former NELSAM machines, Mystère IVA 146 and T-33A 54439, were both dismantled and removed by road in late January 2020.
