Notes:
1. Walrus I G-RNLI arrived by road at Duxford recently, painted in primer and still some way off its return to flight. Restoration continues at Duxford.
2. Gliding returned to Kirknewton in mid-March with the arrival of two Viking T1s for No 661 VGS.
3. With the withdrawal of the Tornado fleet now less than a year away, a number are being withdrawn from use and, after preparation by the Tornado Support Team (TST) at RAF Marham, believed to be heading off for preservation or instructional use, as have ZA447, ZA459, ZA469 and ZA560 in the last month.
4. It is reported that the US Navy’s ‘Blue Angels’ team are in the process of making an offer for an ex-RAF C-130J, presumably one of the Hercules Cs currently at Cambridge.
5. No 829 NAS decommissioned on 28 March 2018 with personnel (and presumably aircraft) moving 814 NAS.
6. 1312 Flight has replaced its Hercules with Atlas C1 ZM415, which departed on its way South on 25th March 2018.
7. Juno HT1 ZM515 was delivered to Shawbury on 16 March 2018, with ZM529 on 19 March and ZM530 on 26 March.
8. 1st April 2018 marks the Centenary of the RAF and to commemorate this a number of aircraft (believed to be one of each type) will wear the ‘RAF 100’ sticker - indeed the gate guards at RAF Marham have also been adorned with these. Tucano T1 ZP290 and Typhoon FGR4 ZK318 are among the first to be noted with these markings. For more on the RAF Centenary, head to the RAF 100 web site, https://www.raf.mod.uk/raf100/.
9. 1st April 2018 also sees the end of most Griffin and King Air and all Squirrel operations and so the end of the month has seen a flurry of activity with the Griffins and Squirrels mainly heading to Cobham at Bournemouth and all seven King Airs returning to the civil register and heading to Guernsey.
