Notes:

1. No fewer than three Spitfires have been registered recently, no doubt each the subject of a lengthy restoration: G-CLCS and G-CLCT at Duxford and Spitfire I G-EMET (X4009), the latter to a Brecon address.
2. A correction: In the last-minute updating of MAM2019 the entry for XZ344 became corrupted with a change meant for XZ334; both are correct in my files but the above lists the correct version for page 66.
3. Typhoons ZJ917 and ZJ924 were both noted wearing old style codes as 9 Squadron recently reformed.
4. Many thanks to Ben Sadler for a series of updates on older aircraft.
