#### Notes:

1. A small error crept into page 22 before printing, leading to an error as regards the Hurricanes painted as P3873. The correct version is as above.
2. Hawker Hunter Aviation's new Hunter, XE688, has been noted doing engine runs at Scampton recently. The airframe was rebuilt using the centre section of XE704 many years ago and so the collected thinking is that XE704 more correctly represents its current identity.
3. As progress is made towards returning it to flight, Lynx AH7 has now been registered as G-NCKS.
4. In mid-November Air Cadet gliding once again resumed at Predannack with the delivery of two Viking T1s.
5. As widely expected, No 72 Sqn, which formerly operated the Tucano T1, stood up at RAF Valley on 28 November 2019, now operating the Texan T1.
