Notes:

1. The two entries of WK124 deserve some explanation. The B6 is a composite using parts from the aircraft, while at Newquay the fuselage and some of the centre section are stored behind the hardened aircraft shelter.
2. Chinook HC6A ZA683 was involved in a forced landing at Llangynin, Carmarthenshire, on 28 July 2020 after striking wires nearby. Images online show some damage to the aircraft but fortunately the crew escaped with minor injuries.
3. On 1st April 2020, fifty Tucanos were removed from the military register, the whole of the former 1 FTS fleet, along with ZF202, which is at Syerston. 'Scramble' reports that all of the former Linton-on-Ouse fleet and those in store have been sold to the USA; the aircraft involved, assuming this is correct, are listed above.
4. As if the above 'clear out' was not enough, no fewer than 61 former Air Cadet Vigilant T1s were put on the UK register on 9th July 2020, thereby creating what is probably the largest monthly 'MAM' update for some time. Please note that this also corrects the fates of ZH146 and ZH205, hitherto thought to have been scrapped.
